## **The Hon. Dominic Perrottet MP** New South Wales Treasurer

Twitter: [@DominicPerrottet](https://twitter.com/DominicPerrottet)

Dominic Perrottet is the NSW Treasurer and Deputy Leader of the NSW Liberal Party. He was re-appointed Treasurer in March 2019 in the newly re-elected Liberals & Nationals Government, having been first appointed to the role in January 2017. Dominic previously served as the Minister for Finance, Services and Property under Premier Mike Baird.

As Treasurer, Dominic is driven by the belief that responsible fiscal management is the key to delivering better services and infrastructure. His budgets have been characterised by strong surpluses, record investment in new productive infrastructure, and tax cuts of more than \$2 billion, all while maintaining NSW's coveted triple-A credit rating.

As Treasurer, Dominic has also focused on supporting the aspirational low- and middle-income families who are the heart of NSW's success, working to ease cost of living pressures and increase economic opportunity.

He is a firm believer in governments making better use of public assets, and oversaw the final stages of NSW Government's highly successful "Rebuilding NSW" asset recycling program, which generated almost AU\$30 billion in proceeds for investment into new productive infrastructure across NSW.

He is an outspoken advocate for reform, leading the rollout of Service NSW and the establishment of icare, and instituting the state's first ever Productivity Commission and Chief Economist to drive a new economic agenda for NSW.

Mindful of the pressing intergenerational challenges NSW faces, in 2018 Dominic established the NSW Generations fund to offset future public debt and secure NSW's financial strength for generations to come.

He has a passion for preserving the state's history and heritage, and is a staunch advocate for preserving the freedoms that underpin the Australian way of life.

Dominic is married to Helen and they are the proud parents of Charlotte, Amelia, Annabelle, William and Harriet. His most prized possession is his ceramic smoker BBQ, and his biggest flaw is his one-eyed support for the Wests Tigers.

# about CEDA

CEDA is a respected independent national organisation with an engaged cross-sector membership. More than 750 of Australia's leading businesses, organisations and academic institutions from around the country are members of CEDA. For more than 50 years, CEDA has delivered informed discourse and rigorous research to influence good public policy for Australia's economic and social development.

## Membership

Organisations join CEDA because CEDA delivers exposure to high level thought leadership, timely briefings on issues of economic importance, access to networking and brand reach through sponsorship and hosting opportunities. In addition to high profile public events, CEDA also delivers regular member only events for employees of member organisations and exclusive Trustee only boardroom briefings for senior executives from member organisations. These provide a unique opportunity for peer-to-peer knowledge exchange and for speakers and attendees to talk candidly on issues.

## Research and policy

CEDA's only agenda is to pursue good public policy to progress Australia's economic and social development. Since 1960 CEDA has produced more than 3000 publications, research reports and articles highlighting emerging issues and directions in a diverse range of policy areas. Research in 2019 will focus on Australia's long-term budget position, the effects of temporary migration, a survey of Australian businesses on their approach to economic development, and new approaches to addressing entrenched disadvantage.
