Fragomen

Fragomen has more than 50 offices strategically located in key commercial centres throughout Europe, the Americas, Asia-Pacific, the Middle East and Africa. From these offices, we provide comprehensive immigration support in over 170 countries worldwide.

In Australia we are a leading law firm with immigration as our sole focus and a deep understanding of the complexities of Australian immigration law and the impact changes in regulations and policy have across different industries and in people movement and labour mobility - both temporary and permanent. The Fragomen team in Australia consists of more than 130 immigration professionals, including solicitors, registered migration agents, accredited specialists in immigration law, US attorneys, Notaries Public and other immigration specialists. Our Australian offices are in Sydney, Melbourne, Brisbane, and Perth.

Fragomen's cross-jurisdictional advisory and transactional capabilities are unique, as is our ability to provide holistic, legally sound solutions that meet specific immigration needs right around the globe. Our comprehensive services cover every element of corporate migration, from global and local immigration program development and management, to arranging work visas, permanent residence or citizenship applications.

Through our Government Relations team, we work closely with Government as well as represent and advocate on behalf of our clients to effect positive change to Australia's regulatory environment. This has proven to be of significant benefit for our corporate clients given the level of disruption and change in Australia's corporate sponsored temporary worker and permanent residence visa programs in the last two years and likely further shifting in policy in 2019 and beyond.

We partner with corporate counsel, HR teams, global mobility professionals, compliance leaders and recruitment managers across a wide range of industries to help them strategically manage global mobility and ensure employees reach locations quickly and compliantly. Fragomen uses global knowledge, pioneering technology and expertise to analyse key developments for their strategic relevance and assist clients to address changes and opportunities effectively. Wherever staff may need to live and work, Fragomen's global reach ensures immigration needs are met promptly and effectively. Fragomen makes managing

today's globally mobile workforce less stressful and more cost effective for employers. Solving the most difficult and time-sensitive challenges, wherever they occur, requires a global immigration firm dedicated to immigration.

keynote speaker

Jarrold Ball

Chief Economist, CEDA

Twitter: @jarroldball

Jarrold Ball joined CEDA as Chief Economist in 2017 with over 15 years of experience as an economist across the public and private sectors. He has held senior roles at the Business Council of Australia, in EY's advisory services practice and more recently at BHP. Jarrold also worked in the Federal Government and was a lead adviser on microeconomic reform for the Victorian Departments of Premier and Cabinet and Treasury and Finance. He is a member of CEDA's Council on Economic Policy and the Melbourne Economic Forum. Jarrold holds a Masters degree in Economics from Monash University and undergraduate degrees in Business (Economics) and Arts from the University of Southern Queensland.

Panelists

Peter Mares

Lead Moderator, The Cranlana Centre for Ethical Leadership

Twitter: @marespeter

Peter Mares is lead moderator with The Cranlana Centre for Ethical Leadership, an independent, not-for-profit organisation dedicated to helping leaders in Australia's public, private and not-for-profit sectors make better decisions. Peter is also contributing editor at Inside Story magazine and adjunct fellow at Swinburne University's Centre for Urban Transitions. Throughout his career Peter has combined journalism with public policy research and writing. Peter wrote *Borderline*, an award-winning analysis of Australia's policies towards asylum seekers and refugees (UNSW Press, 2001) and *Not Quite Australian: how temporary migration is changing the nation*.

about CEDA

CEDA is an independent, not-for-profit membership organisation. CEDA identifies policy issues that matter for Australia's future and pursue solutions that deliver better economic, social and environmental outcomes for Australia. CEDA's cross-sector membership spans every state and territory and includes more than 780 of Australia's leading businesses, community organisations, government departments and academic institutions.

Membership

Organisations join CEDA because CEDA delivers exposure to high level thought leadership, timely briefings on issues of economic importance, access to networking and brand reach through sponsorship and hosting opportunities. In addition to high profile public events, CEDA also delivers regular member only events for employees of member organisations and exclusive Trustee only boardroom briefings for senior executives from member organisations. These provide a unique opportunity for peer-to-peer knowledge exchange and for speakers and attendees to talk candidly on issues.

Research and policy

CEDA's only agenda is to pursue good public policy to progress Australia's economic and social development. Since 1960 CEDA has produced more than 3000 publications, research reports and articles highlighting emerging issues and directions in a diverse range of policy areas. Research in 2019 will focus on Australia's long-term budget position, the effects of temporary migration, a survey of Australian businesses on their approach to economic development, and new approaches to addressing entrenched disadvantage.
